Subject: Skykomish Cleanup Construction Update - 6/23

Skykomish Cleanup

Construction update

June 23, 2011

Recent activities

- Crews closed a section of West River Drive near the west levee on Monday. Access to the west neighborhoods is via Railroad Avenue.
- Crews completed installing a French drain at the tennis court.
- Crews finished preparing the soil handling facility and the water treatment system on the railyard.
- Site preparation at the west levee continues: crews installed temporary fencing around the majority of the construction area, sampled soils within the construction area, removed part of the levee wall, and demolished a structure within the construction area.
- Archaeology crews are on site at the west levee this week.

What's happening next?

- MarVac is mobilizing for oil recovery this week and will begin recovering oil as necessary next week.
- Excavation near the west levee will begin Monday, June 27 and is anticipated to continue through the week.
- Crews will set up the storm bypass system early next week.
