

# Skykomish Cleanup

## Construction update

May 19, 2008

### Recent activities

- Green Earthworks completed excavation and backfilling on the rail yard. Crews swept and washed the streets along 5<sup>th</sup> Avenue to remove tracked dirt.
- Crews demolished a trailer on BNSF property along Old Cascade Highway.
- Landscape and structural surveys were completed on buildings that will be temporarily relocated in 2008.

Rail yard excavation

### What's happening next?

- Apply Soil Sement, a commercial dust suppressant, to surface soils on the rail yard to control dust.
- Continue designing utility bypasses for use during construction.
- Continue mobilizing for 2008 construction.
